## ICPP 2018 – Sponsorship Opportunities
### Eugene, OR, Aug 13-16, 2018
### http://www.icpp-conf.org

ICPP is one of the oldest computer science conferences, and is a premier venue for presenting latest research on all aspects of parallel processing. ICPP 2018 will be organized around five tracks: Architecture, Algorithms, Applications, Software, and Performance.

ICPP 2018 encourages sponsorship from industry, government, and institutions. Sponsorship can take the form of monetary and in-kind contributions. In general, contributions are used for various purposes ranging from honoraria for keynote speakers, prizes for best papers / posters, improved social events (receptions, conference dinner), special consideration on registration costs, and travel support for students. Targeted sponsorship for specific ICPP 2018 support is welcomed and a list of opportunities is provided below.
